## ✨ Why I Host Paint & Sip Events 🎨🍷

There's nothing quite like witnessing the magic of transformation at my paint & sip events! Watching folks who swear they have "zero artistic ability" leave with a masterpiece they can't wait to show off is a joy like no other. Plus, the friendships that bloom over canvases and clinking glasses? Pure gold!

I've hosted everything from cozy private gatherings to lively corporate events, and every time, I'm blown away by the joy in the room. Whether we're painting at a local pub or a vibrant community space, it's all about bringing people together and creating a sense of belonging.

When you join us, you're not just painting; you're diving into a world of creativity, laughter, and new connections. Who knows? You might just become a regular in our colorful community! So grab your friends—or come solo—and let's unleash some creativity together! ✨

Events typically have 30+ days of event marketing ahead of time on Eventbrite, Nextdoor, Facebook/Instagram.

# What to expect:

At our paint & sip events, we're all about making everything seamless, enjoyable, and truly memorable for both attendees and venues!

From the moment we schedule the event until we pack up and leave, we prioritize clear communication. We handle everything—from timely setup, check in, and cleanup—so you won't even notice we were there (except for the laughter and beautiful artwork, of course!).

Here's how we make it all happen:

1. **Custom Creations:** I develop unique painting designs tailored for each event, which helps create a personalized touch that attendees love.
2. **Targeted Marketing:** Our marketing kicks off 30 days before the event. We partner with you using platforms like Facebook, Instagram, Nextdoor, and Eventbrite to reach potential guests. We even keep the buzz going up to the event day for those last-minute sign-ups!
3. **Efficient Setup & Cleanup:** We arrive one hour early to set up, and cleanup typically takes just 30 minutes after the event ends. You'll be amazed at how quickly we can transform the space and then restore it to its original glory!
4. **Boosting Venue Profits:** To enhance the event's success, we suggest drink specials or pre-sold meal tickets. These options not only elevate the attendee experience but also increase profits for the venue!

By focusing on these elements, we ensure that everyone leaves with smiles, new friends, and, of course, a piece of art to remember the night by. Let's create an unforgettable experience together!

# Events I offer:

## Canvas Paint & Sip

Every attendee gets their own canvas to keep. I provide art supplies and guide them through a painting tutorial.

## Wine Glass Paint & Sip

Every attendee gets two wine glasses to keep. I provide supplies and guide them through a glass painting tutorial.

## Live Event & Paint/Sip

For this event, we book talent to perform before and during the dry break. This ranges from drag, to burlesque, to bands. Performance is 30 mins.

## Art Therapy Workshops

I take attendees through creative outlets for stress, confidence building, and development of self-care tools through art.
